GENERAL TERMS AND CONDITIONS OF SALE

- ENTIRE CONTRACT The parties intend these general terms and conditions together with any scope of work, proposal or quotation attached hereto (collectively the "Contract") to be the final, complete, and exclusive expression of their Contract and the terms and conditions thereof. No changes or additions hereto shall be binding upon Seller unless in writing and signed by an officer of Seller. Any terms or conditions of Purchaser's order different, inconsistent herewith or in addition hereto shall be of no force and effect and are hereby expressly rejected and, Purchaser's order shall be governed only by the Contract. A definite and seasonable expression of acceptance or a written confirmation which is sent to Seller within the time specified in the Purchaser's order operates as an acceptance of the terms specified herein. Every agreement or other undertaking by Seller is expressly conditioned on Purchaser's assent to the terms contained herein. Seller assumes no liability except as expressly provided herein. Additional proposals or scope of work provided by Seller to Purchaser shall be covered by this Contract unless and until Seller and Purchaser execute a new contract in writing expressly superseding this Contract. This Contract and its referenced documents represent the entire and integrated contract between the parties and supersedes all prior negotiations, representations, agreements, or contracts, either written or oral and may not be modified by course of dealing, course of performance or usage of trade, but only modified in writing signed by an authorized representative of each party. This Contract shall extend to and be binding upon the parties and their respective successors and permitted assigns.
- 2. PROPOSALS AND CONTRACT Seller's proposal or quotation are not subject to cancellation, suspension, or reduction in amount except with Seller's written consent and upon terms which reimburse Seller for work performed, plus reasonable overhead and profit.
- 3. PRICES In addition to the prices specified herein, Purchaser shall pay for all extra work requested by Purchaser or made necessary because of incompleteness of or inaccuracy in plans or other information submitted by Purchaser with respect to location, type or occupancy, or other details of work to be performed hereunder. If the work to be furnished hereunder constitutes an addition to Purchaser's existing facilities, prices and delivery and completion dates quoted herein are based on information, if any with respect to layout of such facilities now contained in Seller's engineering records. In the event the layout of Purchaser's facilities has been altered or is altered by Purchaser prior to completion of this Contract, Purchaser shall advise Seller of any such alterations and prices and delivery and completion dates quoted herein shall be modified by Seller as may be required because of such alterations. Unless prices are stated by Seller in this or other documents forming a part of this Contract, the prices applicable to the extra work performed shall be Seller's prices in effect at that time.
- 4. PAYMENT All payments shall be due and payable within thirty (30) days from date of payment application or invoice. A service charge will be charged and added to all payments past due and owed by the Purchaser under this Contract, and at a rate of 18% per annum or if such rate is prohibited under applicable law, then at such lower rate as is the maximum rate permitted to be contracted for under such applicable law. Purchaser shall pay any reasonable attorney's fees incurred in the collection of past due accounts. If the Purchaser fails to pay all or any portion of the amount due, the Seller may, at its option, terminate the Contract, in which event Seller will be obligated to perform no additional work until paid in full.
- DELAYS Seller shall not be liable for any damage or penalty for delays in work due to acts of God, acts or omissions of the Purchaser, acts of civil or military authorities, government regulations or priorities, quarantines, pandemics, fires, floods, epidemics, quarantine restrictions, war, riots, strikes, differences with workmen, accidents to machinery, inability to obtain necessary labor, materials or manufacturing facilities, delay in transportation, defaults of Seller's subcontractors, failure or delay in furnishing correct or complete information by Purchaser with respect to location or other details of work to be performed hereunder, impossibility, or impracticability of performance or any other cause or causes beyond the control of Seller, whether or not similar to the foregoing in the event of any delay caused as aforesaid, the completion shall be extended for a period equal to any such delay and this Contract shall not be void or voidable as a result of any such delay. All shoring or protection of foundations, walls, or other structures subject to being disturbed by any excavation required hereunder shall be the responsibility of the Purchaser unless otherwise specified. Purchaser warrants the sufficiency of the structure to support the sprinkler system and its related equipment (including tanks). The Purchaser shall have all things in readiness for installation, including, but not limited to, materials lay-down areas or suitable working base, and facilities for erection at the time the materials are delivered. In the event the Purchaser shall fail to have all things in readiness for erection at the time of receipt of the materials at the place of erection, the Purchaser shall reimburse Seller for any and all expenses caused by such failure. Failure to make areas available to Seller during performance in accord with schedules which are the basis of Seller's proposal shall be considered a failure to have all things in readiness for erection in accord with the terms of this Contract.
- 9. CODE COMPLIANCE Seller does not undertake an obligation to inspect for compliance with laws or regulations unless specifically stated in the Scope of Work. Purchaser acknowledges that the Authority Having Jurisdiction may establish additional requirements for compliance with local codes.

The inspection form and recommendations by Seller are only advisory in nature and are intended to assist Purchaser in reducing the risk of loss to property by indicating obvious defects or impairments noted on the system and equipment inspected and/or tested. Final responsibility for the condition and operation of the system, equipment and components lies with Purchaser. The Purchaser shall promptly notify Seller of any malfunction in the system which comes to Purchaser's attention. If upon inspection Seller determines that repairs are recommended, repair charges will be submitted for approval prior to any work. Should such repair work be declined Seller shall be relieved from any and all liability arising therefrom. UNLESS OTHERWISE SPECIFIED IN THIS CONTRACT, ANY INSPECTION (AND IF SPECIFIED TESTING) PROVIDED UNDER THIS CONTRACT DOES NOT INCLUDE ANY MAINTENANCE, REPAIRS, ALTERATIONS, REPLACEMENT OF PARTS, OR ANY FIELD ADJUSTMENTS WHATSOEVER, NOR DOES IT INCLUDE THE CORRECTION OF ANY DEFICIENCIES IDENTIFIED BY SELLER TO PURCHASER, SELLER SHALL NOT BE RESPONSIBLE FOR EQUIPMENT FAILURE OCCURRING WHILE SELLER IS IN THE PROCESS OF FOLLOWING ITS INSPECTION TECHNIQUES, WHERE THE FAILURE ALSO RESULTS FROM THE AGE OR OBSOLESCENCE OF THE ITEM OR DUE TO NORMAL WEAR AND TEAR. - 11. ALARM MONITORING SERVICES Any reference to alarm monitoring services in this Contract is included for pricing purposes only. This warranty does not extend to normal wear and tear, any equipment that others have repaired, abused, altered, misused or that has not been properly and reasonably maintained. All parts as recorded on the face of the work order or invoice are warranted for a period of thirty (30) days, or longer, if the manufacturer's specific warranty provides additional time. If a part installed by Seller fails within thirty (30)

days of installation, Seller shall furnish a replacement part free of charge. Parts furnished with a manufacturer's specific warranty shall be furnished in accordance with the specific warranty. Seller will charge for labor to repair or replace parts unless the labor is necessary to correct a repair previously made by Seller within thirty (30) days of the date of the original repair. Refrigerant leak repairs are warranted for a period of thirty (30) days. If within thirty (30) days of the original repair a leak redevelops, Seller shall furnish at no cost to Purchaser the necessary refrigerant and labor for the repair. Any other loss of refrigerant will be billed at Seller's normal selling price. EXCEPT AS EXPRESSLY SET FORTH HEREIN, SELLER DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED INCLUDING BUT NOT LIMITED TO ANY IMPLIED OR EXPRESS WARRANTIES OF MERCHANTABILITY AND WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AS TO ANY SERVICES PERFORMED OR THE PRODUCTS, SYSTEMS OR EQUIPMENT WHICH ARE FURNISHED BY SELLER. No premise not contained herein, or affirmation of fact made by an employee, agent or representative of Seller shall constitute a warranty by Seller or give rise to any liability or obligation. Any repairs, adjustments or connections performed by Purchaser, or any third party shall void all warranties.

Seller's liability to Purchaser for personal injury, death or property damage to the extent arising from performance under these terms and conditions shall be limited to an amount not to exceed one (1) year's Contract price. Purchaser shall indemnify, defend, and hold Seller harmless from any and all third-party claims for personal injury, death, or property damage, arising from Purchaser's failure to maintain systems and equipment or keep them in operative condition, whether based upon contract, warranty, tort, strict liability or otherwise. In no event shall Seller be liable for any special, indirect, incidental, consequential, liquidated, penal, or any economic loss damages of any kind, including but not limited to loss of use of the Purchaser's property, lost profit or lost production, whether claimed by the Purchaser or by any third party; irrespective of whether claims or actions for such damages are based upon contract, warranty, negligence, tort, strict liability or otherwise. The foregoing limitation of warranty and liability shall supersede any and all other warranty and liability terms previously given or hereafter given unless amendment is made by an officer of Seller in writing.

13. MODIFICATIONS AND SUBSTITUTIONS Seller reserves the right to modify material of Seller's design sold hereunder and/or the drawings and specifications relating thereto, or to substitute material of later design to fulfill this Contract provided that the modifications or substitutions will not materially affect the performance of the material or lessen in any way the utility of the material to the Purchaser.

14. SEVERABILITY If any provision of this Contract is held by any court or other competent authority to be void or unenforceable in whole or in part, this Contract will continue to be valid as to the other remaining and unaffected provisions.

15. WAIVER. Seller's waiver or acceptance of any breach by Purchaser, or Seller's failure to insist, in any one or more instances, upon the strict performance of any provision of the Contract, or to exercise any right herein, shall not be construed as a waiver or relinquishment by Seller of such provision or right in any other instance.

16. ASSIGNMENT Any assignment of this Contract by Purchaser without the written consent of Seller shall be null and void. Seller may assign to its subsidiaries and affiliates at any time.

17. CHANGES, ALTERATIONS, ADDITIONS Changes, alterations and additions to the plans, specifications, or construction schedule for this Contract shall be invalid unless approved in writing by Seller. For any such changes approved by Seller in this manner, which will increase or decrease the cost and expense of work to Seller, there shall be a corresponding increase or decrease in the Contract price herein provided. The value of additional work shall be agreed upon prior to the performance of said work. However, if no agreement is reached prior to the performance

of additional work approved in the manner herein described, and Seller elects to continue performance so as to avoid delays, then the estimate of Seller's Estimating Department as to the value of the work shall be deemed accepted by the Purchaser.

18. LEGAL NOTICE For the purpose of any notice permitted or required to be given hereunder, such notice or notices shall be deemed given when received.

19. INSURANCE Purchaser shall name Seller as an additional insured on Purchaser's general liability and auto liability policies, which shall be provided on a primary, non- contributory basis. Purchaser shall carry property and casualty coverage and/or builders risk coverage with sufficient limits to cover any potential loss or damage. A waiver of subrogation is required for all policies required herein. Purchaser agrees that with respect to any losses covered by this Contract Purchaser hereby waives and releases Purchaser, its officers, directors, employees, and agents, from any and all claims and liability or responsibility with respect to such losses, including losses arising out of the inability to conduct business. Purchaser agrees that its insurers shall have no right of subrogation against Seller and its insurers on account of this release.

Should direct negotiations fail to resolve the dispute(s) within fifteen days of the commencement of negotiations, all disputes, claims and matters in controversy relating to or arising from the Order, shall be resolved by binding arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association, unless Seller provides written notice to Purchaser that it has elected in its sole discretion, that all such disputes, claims, and matters in controversy shall be decided by litigation. The Parties further agree that the sole and exclusive location and forum for such arbitration or litigation shall be the Fond du Lac County, Wisconsin Circuit Court. If this venue is deemed unenforceable by a court of competent jurisdiction, the parties agree that the alternative venue shall be the Federal District Court for the Eastern District of Wisconsin, Green Bay Division. If overtime labor is required on an emergency basis, Purchaser agrees to reimburse Seller for same.
- 23. INCIDENTAL LOSSES All loss or damage from any cause to the materials, tools, equipment, work or workmen of the Seller or its agents or subcontractors while in or about the premises of the Purchaser shall be borne and paid for by the Purchaser, except in the event that such loss or damage results from the sole negligence of Seller.

All such remedies of Seller are cumulative and not exclusive. Seller shall also have the right to terminate the Contract due to Purchaser's default, effective at the time notice of termination is received by Purchaser. Default by Purchaser shall consist of failure to pay any installment of price when due, no demand being necessary, or any act or omission on the part of Purchaser whereby Seller is prevented from completing said services, or receivership, bankruptcy, assignment for the benefit of creditors or any other form of insolvency proceedings by or against Purchaser or in case said premises or said system shall be attached, liened or seized by process of law and such attachment or lien shall not be vacated or seizure terminated with ten (10) days after its occurrence.

Purchaser assumes full responsibility for the condition of existing equipment and for water or other damage resulting directly or indirectly from such condition or other application of test or flushing pressures. In the event existing equipment is being repaired, Seller does not assume any responsibility for testing old and new piping, and any testing will be an extra cost to the Contract price, which will include costs of labor and materials required to make the system tight at high pressure. Nothing in this Contract shall be construed or interpreted as requiring Seller to assume the status of, and Purchaser acknowledges that Seller does not act in the capacity nor assume responsibilities of, Purchaser or others as a 'generator,' 'operator,' 'transporter' or 'arranger' in the treatment, storage, disposal or transportation of any hazardous substance or waste as those terms are understood within the meaning of RCRA, CERCLA, or any other similar federal, state or local law, regulation or ordinance. Purchaser acknowledges that Seller has played no part in and assumes no responsibility for generation or creation of any Waste that may be the subject matter of this Contract. 200 Series - Legal Status of the Board of Directors

200.1 - Organization of the Board of Directors (no changes)

The Red Oak Community School District board is authorized by and derives its organization from Iowa law. The board will consist of 5 board members. Board members are elected atlarge.

The board is organized for the purpose of setting policy and providing general direction for the school district. The board will hold its organizational meeting at the first regular meeting following the canvass of votes. The retiring board will transfer materials, including the board policy manual, and responsibility to the new board.

The organizational meeting allows the outgoing board to approve minutes of its previous meetings, complete unfinished business and review the school election results. The retiring board will adjourn and the new board will then begin. The board secretary will administer the oath of office to the newly-elected board members. The board secretary will preside while the new board elects the president and vice-president of the new board.

200.2 - Powers of the Board of Directors

The Board of Directors of the Red Oak Community School District, acting on behalf of the school district, will have jurisdiction over school matters within the territory of the school district.

The board is empowered to make policy for its own governance, for employees, for students and for school district facilities. The board is also empowered to enforce its policies. The board may, through its quasi-judicial power, conduct hearings and rule on issues and disputes confronting the school district.

The board has these powers and all other powers expressly granted to it in federal and state law as well as the powers that can be reasonably implied from the express powers.

Because all powers of the board derived from the state statutes are granted in terms of action as a group, individual board members exercise authority over district affairs only as they vote to take action at a legal meeting of the board. In other instances, an individual board member, including the president, will have power only when the board, by vote, has delegated authority. The board will make its members, the district staff, and the public aware that only the board acting as a whole has authority to take official action. Therefore, the board may transact business only with a quorum present during a regular or special meeting.

Pursuant to the state statutes, any board member shall not seek individually to influence the official functions of the district. The board and its members will deal with administrative services through the superintendent and will not give orders to any subordinates of the superintendent either publicly or privately, but may make suggestions and recommendations.

200.3 - Responsibilities of the Board of Directors (changes—addition of quasi-judicial duty and explanation)

The board is authorized to govern the school district, which it oversees. The board is entrusted with public funds and is responsible for overseeing the improvement of student outcomes, including student academic achievement and skill proficiency. As the governing board of the school district, the board has three four duties to perform: legislative duty, executive duty, and evaluative duty, and quasi-judicial duty.

As a representative of the citizens of the school district community, the board is responsible for legislating policy for the school district. As a policy making body, the board has jurisdiction to enact policy with the force and effect of law for the management and operation of the school district.

It is the responsibility of the board, under the board's executive duty, to select its chief executive officer, the superintendent, to operate the school district on the board's behalf. The board delegates to the superintendent its authority to carry out board policy, to formulate and carry out rules and regulations and to handle the administrative details in a manner which supports and is consistent with board policy.

The board has a responsibility to review the education program's performance under its evaluative duty. The board regularly reviews the education program and ancillary services. The review includes a careful study and examination of the facts, conditions and circumstances surrounding the amount of funds received or expended and the education program's ability to achieve the board's educational philosophy for the school district.

The board fulfills its quasi-judicial duties in serving as a neutral arbiter for hearings related to student suspension or expulsion proceedings and certain employment termination hearings and appeals. This important power was granted by the lowa legislature and cannot be delegated. To preserve the board's neutrality to hear and decide upon these matters, the board does not investigate or become involved in student disciplinary matters or employment matters that may come before it and would require the board to serve in its quasi-judicial role.

201 - Board of Directors' Elections

The school election takes place on the Tuesday after the first Monday in November of oddnumbered years. Each school election is used to elect citizens to the board to maintain a 5-member board and to address other questions that must be submitted to the voters.

Citizens of the school district community seeking a seat on the board must file their nomination papers with the board secretary, or the board secretary's designee, consistent with the deadlines provided in Iowa law.

If a vacancy occurs on the board it may be filled by appointment or by a special election consistent with Iowa law and board policy.

All elections will be held as provided in Iowa law. It is the responsibility of the county commissioner of elections to conduct school elections.

202.1 – Qualifications (no changes)

Serving on the board of directors is an honor and privilege. Its rewards are respect from the community, students, and employees and the satisfaction from knowing each board member contributed to the success of the children in the school district community. Only those who are willing to put forth the effort to care and to make a difference should consider running for a position on the board.

Individuals who are willing to serve on the board should believe public education is important, support the democratic process, willingly devote time and energy to board work, respect educators and have the ability to examine the facts and make a decision. The board believes an individual considering a position on the school board should possess these characteristics.

Citizens wanting to run for a position on the board must be a citizen of the school district, eighteen (18) years of age or older, an eligible elector of the district, and free from a financial conflict of interest with the position.

202.2 - Oath of Office

Board members are officials of the state. As a public official, each board member must pledge to uphold the Iowa and the United States Constitution and carry out the responsibilities of the office to the best of the board member's ability.

Each newly-elected board member will take the oath of office prior to any action taken as a school official. The oath of office is taken by each new board member elected at the annual school election at or before the organizational meeting of the board. In the event of an appointment or special election to fill a vacancy, the new board member will take the oath of office within ten days of the appointment or election.

Board members elected to offices of the board will also take the same oath of office but replacing the office of board member with the title of the office to which they were elected.

The oath of office is administered by the board secretary and does not need to be given at a board meeting. In the event the board secretary is absent, the oath is administered by another board member.

The oath of office is the following:

"Do you solemnly swear that you will support the Constitution of the Unite	ed States and
the Constitution of the state of Iowa, and that you will faithfully and impar	tially to the
best of your ability discharge the duties of the office of	Director in
the Red Oak Community School District as now and hereafter required by	law?"

203 - Board of Directors' Conflict of Interest (no changes)

Board members must be able to make decisions objectively. It is a conflict of interest for a board member to receive direct compensation from the school district, unless exempted in law or this policy, for anything other than reimbursement of actual and necessary expenses, including travel, incurred in the performance of official duties. A board member will not act as an agent for school textbook or school supplies including sports apparel or equipment, in any transaction with a director, officer, or other staff member of the school district during the board member's term of office. It will not be a conflict of interest for board members to receive compensation from the school district for contracts for purchase goods or services which benefits a board member, or to compensation for part-time or temporary employment which benefits a board member, if the benefit to the board member does not exceed \$20,000 in a fiscal year or if the contracts are made by the board, upon competitive bid in writing, publicly invited and opened.

The conflict of interest provisions do not apply to a contract that is a bond, note or other obligation of a school corporation if the contract is not acquired directly from the school corporation, but is acquired in a transaction with a third party, who may or may not be the original underwriter, purchaser, or obligee of the contract, or to a contract in which a director has an interest solely by reason of employment if the contract was made by competitive bid, in writing, publicly invited and opened, or if the remuneration for employment will not be directly affected as a result of the contract and duties of employment do not involve any of the preparation or procurement of any part of the contract. The competitive bid section of the conflict of interest provision does not apply to a contract for professional services not customarily competitively bid.

It will also be a conflict of interest for a board member to engage in any outside employment or activity which is in conflict with the board member's official duties and responsibilities. In determining whether outside employment or activity of a board member creates a conflict of interest, situations in which an unacceptable conflict of interest is deemed to exist includes, but are not limited to, any of the following:

- 1. The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district badge, uniform, business card or other evidence of office to give the board member or member of the board member's immediate family an advantage or pecuniary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes of this section, a person is not "similarly situated" merely by being related to a board member.
- 2. The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the board member or a member of the board member's immediate family from anyone other than the state or the school district for the performance of any act that the board member would be required or expected to perform as part of the board member's regular duties or during the hours in which the board member performs service or work for the school district.
- The outside employment or activity is subject to the official control, inspection, review, audit, or enforcement authority of the board member, during the performance of the board member's duties of office or employment.

If the outside employment or activity is employment or activity in (1) or (2) above, the board member must cease the employment of or activity. If the activity or employment falls under (3), then the board member must:

- Cease the outside employment or activity; or
- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a

benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

When procurement is supported by Federal Child Nutrition funds, board members will not participate in the selection, award, or administration of a contract if there is a real or apparent conflict of interest in the contract. Contract, for purposes of this paragraph, includes a contract where the board member, board member's immediate family, partner, or a non-school district employer of these individuals is a party to the contract.

It is the responsibility of each board member to be aware of an actual or potential conflict of interest should it arise. It is also the responsibility of each board member to take the action necessary to eliminate such a conflict of interest. Should a conflict of interest arise, a board member should not participate in any action relating to the issue from which the conflict arose.

204 - Code of Ethics (no changes)

Board members' actions, verbal and nonverbal, reflect the attitude and the beliefs of the school district. Therefore, board members must conduct themselves professionally and in a manner fitting to their position.

Each board member shall follow the code of ethics stated in this policy.

AS A SCHOOL BOARD MEMBER:

- 1. I will listen.
- 2. I will respect the opinion of others.
- 3. I will recognize the integrity of my predecessors and associates and the merit of their work.

- 4. I will be motivated only by an earnest desire to serve my school district and the children of my school district community in the best possible way.
- 5. I will not use the school district or any part of the school district program for my own personal advantage or for the advantage of my friends or supporters.
- 6. I will vote for a closed session of the board if the situation requires it, but I will consider "star chamber" or "secret" sessions of board members unethical.
- 7. I will recognize that to promise in advance of a meeting how I will vote on any proposition which is to be considered is to close my mind and agree not to think through other facts and points of view which may be presented in the meeting.
- 8. I will expect, in board meetings, to spend more time on education programs and procedures than on business details.
- 9. I will recognize that authority rests with the board in legal session and not with individual members of the board, except as authorized by law.
- 10. I will make no disparaging remarks, in or out of the board meeting, about other members of the board or their opinions.
- 11. I will express my honest and most thoughtful opinions frankly in board meetings in an effort to have decisions made for the best interests of the children and the education program.
- 12. I will insist that the members of the board participate fully in board action and recommend that when special committees are appointed, they serve only in an investigative and advisory capacity.
- 13. I will abide by majority decisions of the board.
- 14. I will carefully consider petitions, resolutions and complaints and will act in the best interests of the school district.
- 15. I will not discuss the confidential business of the board in my home, on the street or in my office; the place for such discussion is the board meeting.
- 16. I will endeavor to keep informed on local, state and national educational developments of significance so I may become a better board member.

IN MEETING MY RESPONSIBILITY TO MY SCHOOL DISTRICT COMMUNITY

- I will consider myself a trustee of public education and will do my best to protect it, conserve it, and advance it, giving to the children of my school district community the educational facilities that are as complete and adequate as it is possible to provide.
- 2. I will consider it an important responsibility of the board to interpret the aims, methods and attitudes of the school district to the community.
- 3. I will earnestly try to interpret the needs and attitudes of the school district community and do my best to translate them into the education program of the school district.
- 4. I will attempt to procure adequate financial support for the school district.
- 5. I will represent the entire school district rather than individual electors, patrons or groups.
- 6. I will not regard the school district facilities as my own private property but as the property of the people.

IN MY RELATIONSHIP WITH SUPERINTENDENT AND EMPLOYEES

- 1. I will function, in meeting the legal responsibility that is mine, as a part of a legislative, policy-forming body, not as an administrative officer.
- 2. I will recognize that it is my responsibility, together with that of my fellow board members, to see the school district is properly run and not to run them myself.
- 3. I will expect the school district to be administered by the best-trained technical and professional people it is possible to procure within the financial resources of the school district.
- 4. I will recognize the superintendent as executive officer of the board.
- 5. I will work through the administrative employees of the board, not over or around them.
- 6. I will expect the superintendent to keep the board adequately informed through oral and written reports.
- 7. I will vote to employ employees only after the recommendation of the superintendent has been received.

- 8. I will insist that contracts be equally binding on teachers and the board.
- I will give the superintendent power commensurate with the superintendent's responsibility and will not in any way interfere with, or seek to undermine, the superintendent's authority.
- 10. I will give the superintendent friendly counsel and advice.
- 11. I will present any personal criticism of employees to the superintendent.
- 12. I will refer complaints to the proper administrative officer.

TO COOPERATE WITH OTHER SCHOOL BOARDS

- 1. I will not employ a superintendent, principal or teacher who is already under contract with another school district without first securing assurance from the proper authority that the person can be released from contract.
- 2. I will consider it unethical to pursue any procedure calculated to embarrass a neighboring board or its representatives.
- 3. I will not recommend an employee for a position in another school district unless I would employ the employee under similar circumstances.
- 4. I will answer all inquiries about the standing and ability of an employee to the best of my knowledge and judgment, with complete frankness.
- 5. I will associate myself with board members of other school districts for the purpose of discussing school district issues and cooperating in the improvement of the education program.

208.2R1 - AD Hoc Committees Regulations

Ad Hoc Committee Purpose and Function

The specific purpose of each ad hoc committee varies. Generally, the primary function of an ad hoc committee is to give specific advice and suggestions. The advice and suggestions should focus on the purpose and duties stated in the board resolution establishing the committee. It is the board's role to take action based on information received from the ad hoc committee and other sources. Ad hoc committees may be subject to the open meetings law.

Role of an Ad Hoc Committee Member

The primary role of an ad hoc committee member is to be a productive, positive member of the committee. In doing so, it is important to listen to and respect the opinions of others. When the ad hoc committee makes a recommendation to the board, it is important for the ad hoc committee members to support the majority decision of the ad hoc committee. An ad hoc committee will function best when its members work within the committee framework and bring items of business to the ad hoc committee.

Ad Hoc Committee Membership

Ad hoc committee members may be appointed by the board. The board may request input from individuals or organizations, or it may seek volunteers to serve. Only the board or superintendent has the authority to appoint members to an ad hoc committee. Boards must follow the legal limitations or requirements regarding the membership of an ad hoc committee.

Board policy provides the general direction as to what the board wishes to accomplish and why it wishes to accomplish it while allowing the superintendent to implement board policy. Policies shall be reviewed on a regular basis to ensure relevance to current practices and compliance with the law.

The written policy statements contained in this manual provide guidelines and goals to the citizens, administration, employees and students in the school district community. The

policy statements are the basis for the formulation of regulations by the administration. The board will determine the effectiveness of the policy statements by evaluating periodic reports from the administration.

Policy statements may be proposed by a board member, administrator, employee, student or member of the school district community. Proposed policy statements or ideas will be submitted to the superintendent's office for possible placement on the board agenda. It is the responsibility of the superintendent to bring these proposals to the attention of the board.

The policies of the board may be amended or revised by resolution adopted at any regular meeting, provided notice of such change shall have been given at a previous meeting. The superintendent is authorized to submit written recommendations for revision of any existing policies as he deems necessary for the most efficient operation of the school district. The superintendent will notify all employees whenever revisions, additions or amendments are made. This notice procedure shall be required except for emergency situations, which shall be determined solely by the board.

The proposed policy changes will be distributed and public comment may be allowed at both meetings prior to final board action. This notice procedure will be required except for emergency situations. If the board adopts a policy in an emergency situation, a statement regarding the emergency and the need for immediate adoption of the policy will be included in the minutes. The board will have complete discretion to determine what constitutes an emergency situation.

The final action taken to adopt the proposed policy will be approved by a simple majority vote of the board at the next regular meeting after the meeting allowing public discussion. The policy will be effective on the later of the date of passage or the date stated in the motion.

In the case of an emergency, a new or changed policy may be adopted by a majority vote of a quorum of the board. Unspent Authorized Budget or unspent balance is the amount of spending authority remaining at the end of the fiscal year. The UAB Percentage is calculated by dividing the UAB by the current year spending authority. The District will seek to maintain a UAB Percentage within the 15%-25% range to hedge against overspending and unforeseen expenses.

Red Oak CSD Facilities Committee Meeting Summary October 18, 2024

Attendees:

Bryce Johnson (Board Member), Scott Bruce (Board Member), Mark Pfister (Boyd Jones), Jim Lovely (Boyd Jones), Daric O'Neal (Alley Poyner Macchietto Architecture), Ron Lorenz (Superintendent)

I. <u>Facilities Projects Next Steps</u>

We have gone as far as we can in terms of needs assessment, concept development, marketing, and cost estimates for proposed capital improvement projects. Moving forward will require formal site surveys (e.g., topography, water and soil sampling, etc.) and the development of detailed architectural drawings and construction plans. These services come at a cost and require an additional commitment by the Board. The Board must determine whether it wants to authorize Alley Poyner Macchietto Architecture (APMA) to proceed with the next phase of the process or open this up for competitive proposals.

APMA won a competitive proposal to complete a comprehensive facilities assessment and develop a long-term district facilities plan, in 2022. Our next phase of work can reasonably be considered an extension of this proposal. In order to proceed, Daric O'Neal requires a signed letter of agreement outlining next steps and costs, with the basis of the agreement being the same legal and fee structure of the original bond contract.

It is important to note that school districts are allowed to hire architects as professional services without formal competitive bids, but a competitive process (i.e., request for proposals) can demonstrate due diligence, transparency, and ensure the district gets the best value. The downside is the RFP process is labor intensive, time consuming, and doesn't always ensure the best fit.

Facilities committee members expressed a preference for authorizing Daric O'Neal and APMA to proceed with the next phase of work as a means of expediting the process and ensuring consistency throughout.

II. Construction Delivery Models

In addition to deciding on architecture services, the Board must determine which construction delivery method it prefers. Mark Pfister and Jim Lovely, from Boyd Jones, explained the differences between the design-bid-build (DBB), Construction Manager at Risk (CMaR), and Construction Manager as Advisor (CMa) models.

DBB is the traditional approach where an architect leads the owner through the design process and the owner issues construction documents for competitive bids. In the CMa model, a construction manager is hired during the early stages of the design process and provides input on cost estimates, construction strategies, scheduling, and procurement. CMAR is a collaborative approach where the architect, owner, and construction manager work as a team to develop all plans and documents. The CMAR is responsible for the budget, schedule, soliciting bids, and managing the construction process.

The costs are essentially the same for CMAR and CMa (i.e., fees based on a percentage of the total cost of the project). The biggest difference is that the CMAR is legally bound to a guaranteed maximum price (GMP) while the CMa is not. Iowa Code also makes CMAR somewhat less agile than CMa. Like architects, construction managers can be hired as professional services without competitive bids.

Facilities committee members expressed a preference for hiring Boyd Jones as the District's Construction Manager as Advisor. They were encouraged by Boyd Jones' hybrid approach that blends the CMAR and CMa models and hinges on presence, on-site supervision, and relationships. Boyd Jones and APMA also served the District well in helping pass our recent bond and completing renovations at Inman, the Jr-Sr High, and the Early Childhood Center.
